CONFERENCE

Leverage the Power of Blue Enrollment Data Integration

- *Presented by : Mohammed Sheraidah*

Agenda

Getting
the data
to Blue

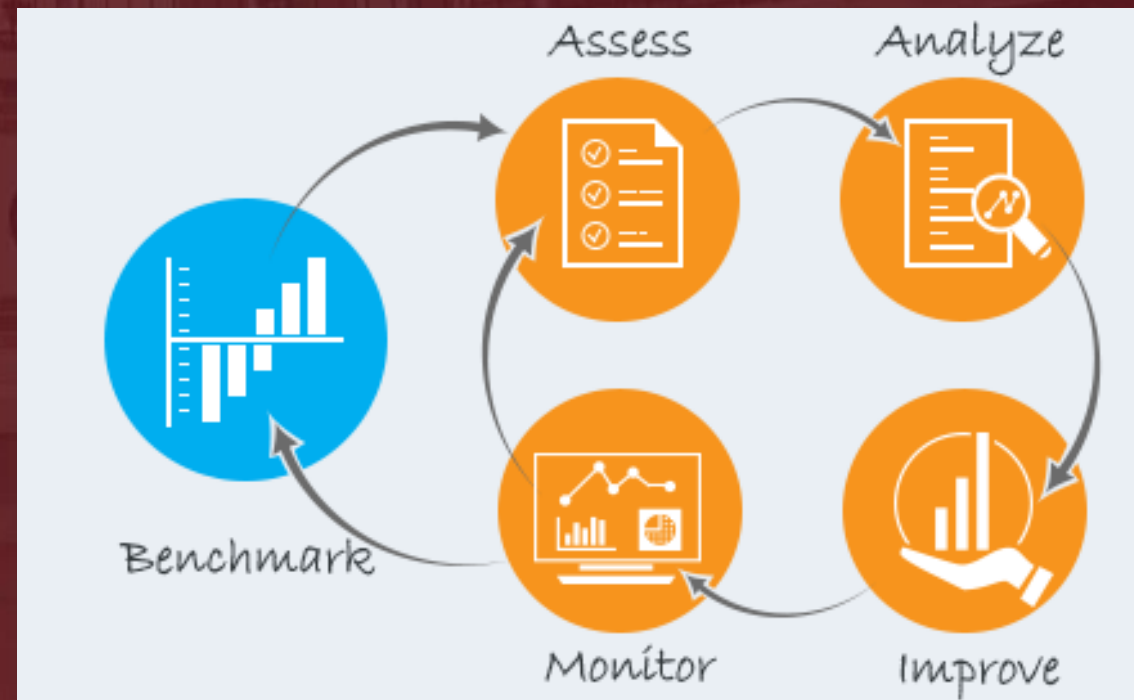

- Obstacle: Firewall
- Solution : Data sync tool (API)

Preparing
the data
for Blue

- Obstacles: Missing or inaccurate data
- Solution: DIG

Learning Experience Management

“LEM helps to ensure continuous learning by setting initial benchmarks, assessing and analyzing feedback, regularly offering suggestions for improvement, and continuously monitoring progress.”

Why Blue?

To capture the value of LEM

Insight

Autonomy

Automation

Products that Automate your feedback Processes to give your People maximum Autonomy and rich Insight to drive continuous improvement in all layers of your organisation

Blue

Automation

- Administrators will be able to automate the feedback gathering process

Autonomy

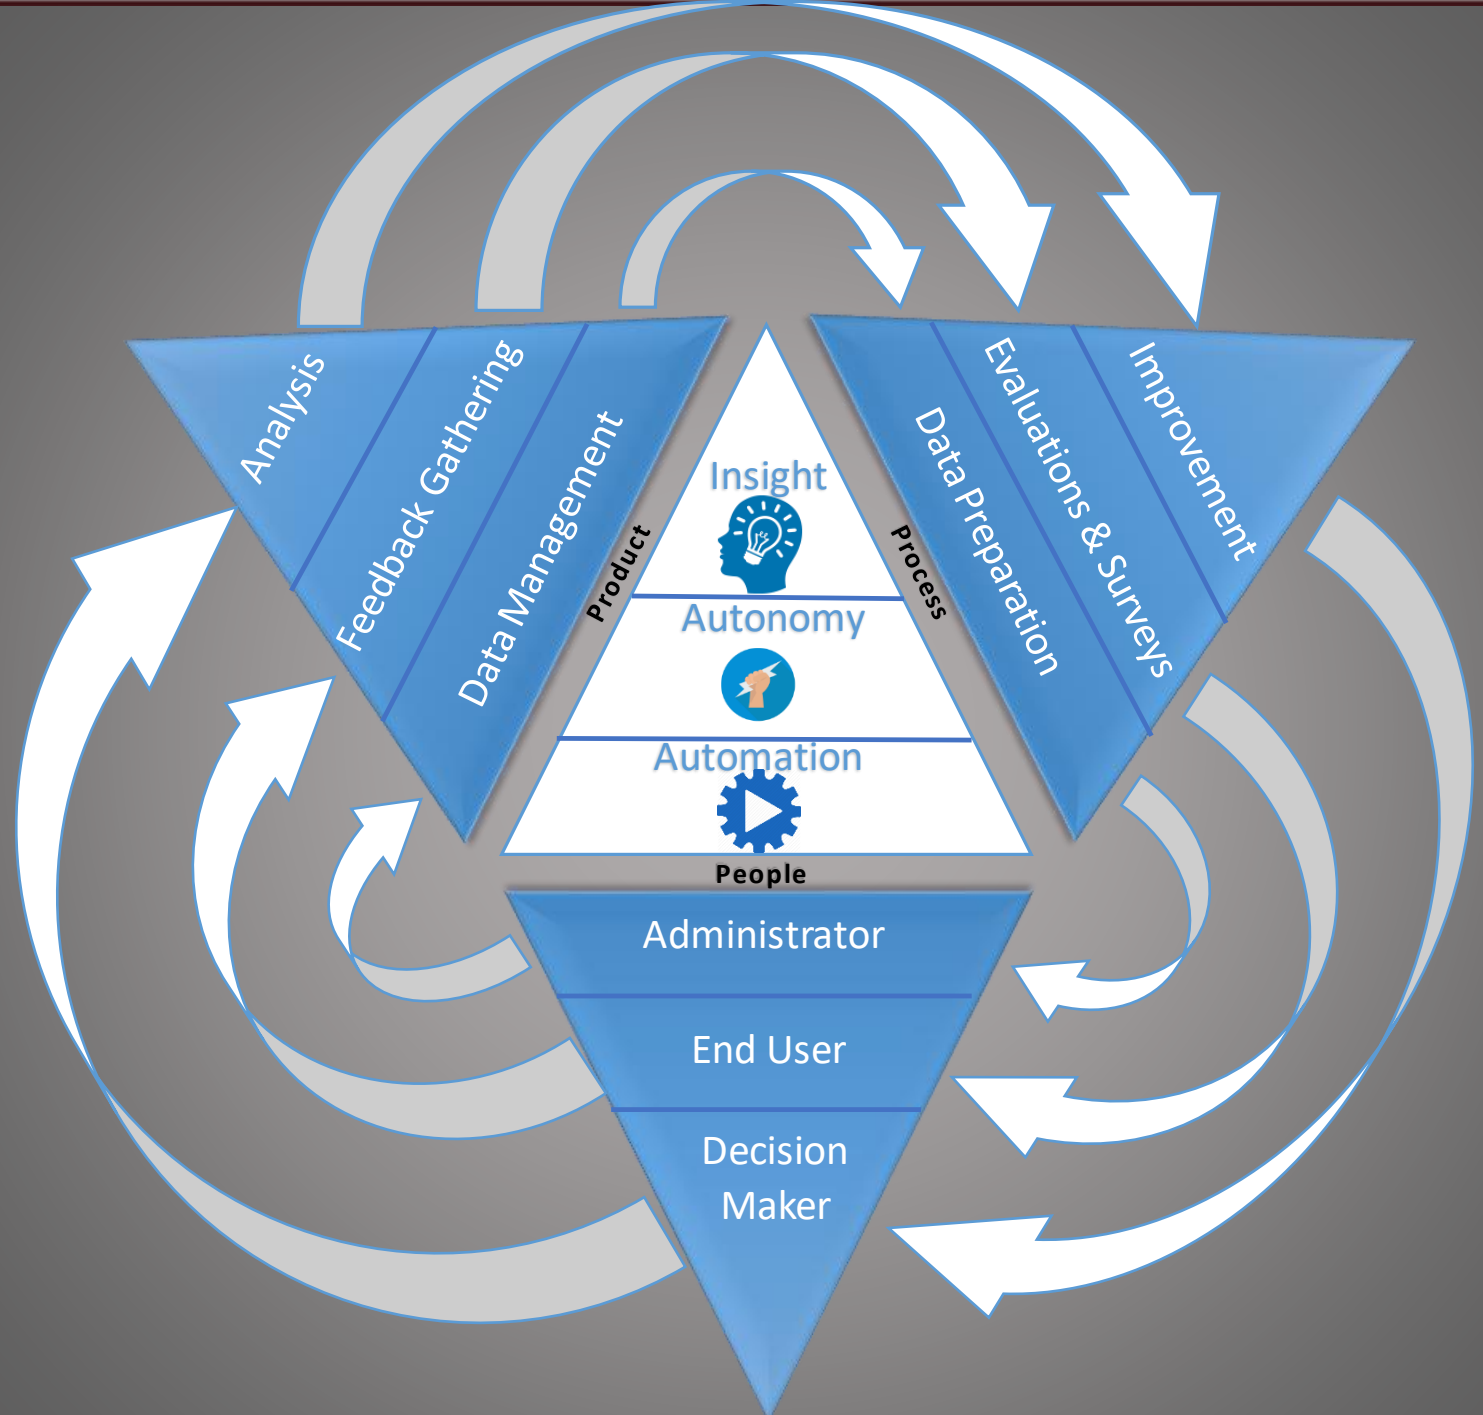

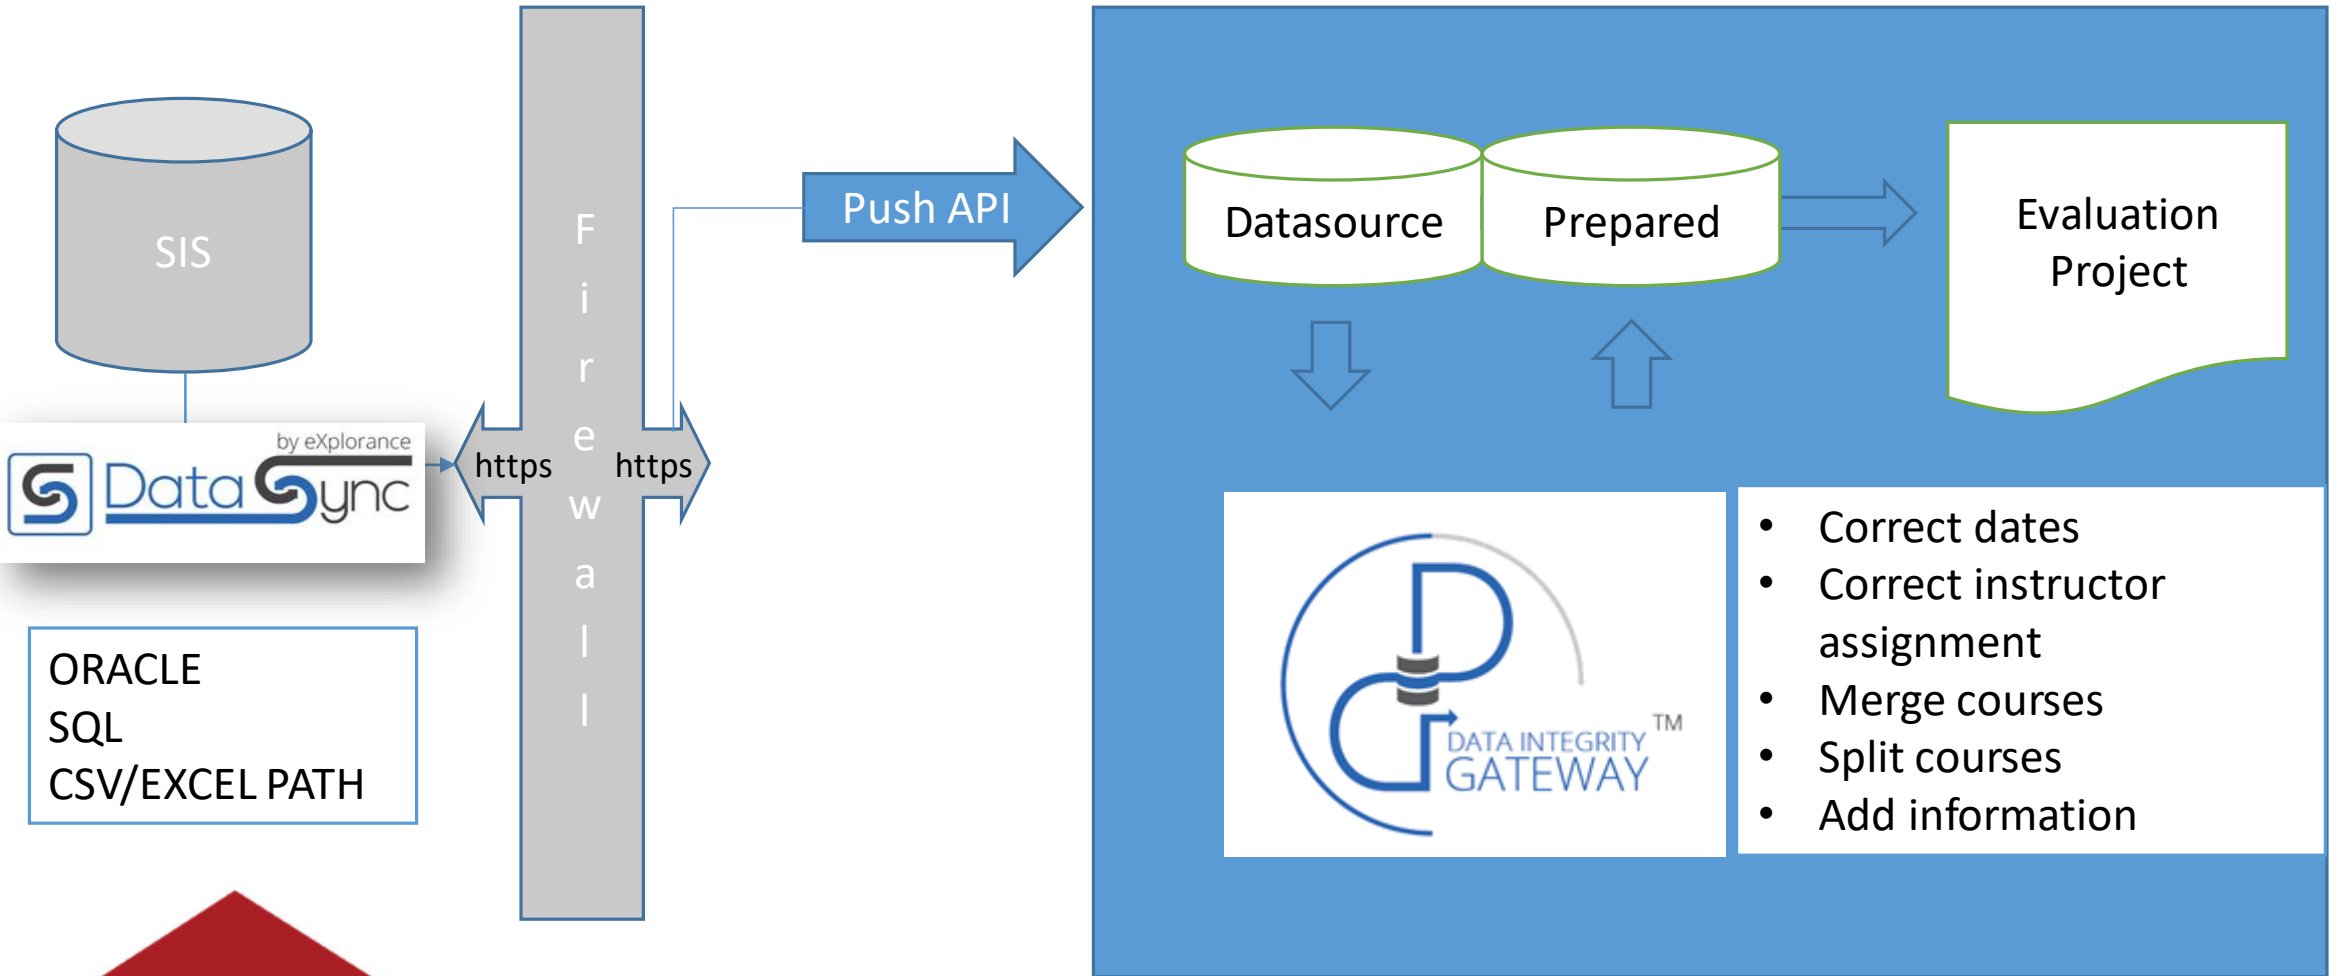

- End-users can have full control on the evaluation process in centralized familiar location

Insight

- Rich reports provide insight for decision makers to make changes that matter for continues improvement
