

## Institutional Insights: Changes in the Course Evaluation Process Resulting from a Needs Assessment

---

**Presenters:** Ginny Cockerill,  
Assistant Director of Assessment, University of Alabama in Huntsville

**Description:** The University of Alabama in Huntsville conducted a Needs Assessment process this past year in collaboration with stakeholders across campus. The resulting insights were used to develop an action plan for changes to the course evaluation process, both in distribution and reporting. One aspect of the results that was particularly interesting was the insights gathered from faculty about their hesitations, reservations, and objections to the course evaluation process. This presentation will briefly overview the Needs Assessment process followed and the insights gained—especially those from the faculty perspective. The changes that have already been put in place will be discussed as well as the action plan now in place for the next few semesters.
