

Workshop: Learning How to Use the Blue Reporting Capability to Build Reports for Varying Stakeholder Needs

Instructors: Elizabeth Guzman, Manager, Professional Services, eXplorance; Andres Rodriguez, Customer Support Representative, eXplorance

Description: In this workshop, we will show you how to build individual and aggregate reports using Blue reporting features to meet varying stakeholder needs. The topics will include how to create reports for stakeholders at various levels, how to create the comparative and normative analyses, how to build reports in condensed layouts, how to build summary reports to meet your stakeholders' needs, and more.

Date: Tuesday, August 7, 2018
