❖ Zoom Ground Rules

Interact with one another in the chat

Be sure to update your chat settings to send to “**All Panelists and Attendees**” so everyone can see what you have to share.

If you have specific **questions** for the panel, please use the **Q&A** function. We will have pauses to address your questions.

What do you hope to learn in today's session?

Please tell us by using the chat feature

Note: This session is being recorded and will be shared!

Panelist

Panelist

Dr. Hiba Ismail

Institutional Research Officer
at the QA & IE Unit

Panelist

Dr. Maher N Alandiyjany

Vice Dean Of Quality
& Development

Panelist

Dr. Adrian Stanley

BSc BM FRCP PhD SFHEA,
Associate Professor of Medicine

Moderator

Abrar M. Al-Sowi

Field Marketing Manager,
MENA

Introduction

❖ Dubai Medical College For Girls (DMCG)

كلية دبي الطبية للبنات
DUBAI MEDICAL COLLEGE FOR GIRLS

1986

Founded

First private
medical college in
the UAE, MBBCh
program.

1991

First cohort graduation

1500+

Graduates

60

Students, MBBCh

60

Upcoming 2023-2024,
MD

Multinational student
body; with more than
50 nationalities with
Emirati students
representing around
28-30%.

Multinational faculty and
professional staff.

The MBBCh degree
recognized by:
1) CAA, MOE, UAE
2) General Medical
Council (GMC), UK
3) the Educational
Commission for Foreign
Medical Graduates
(ECFMG), USA

❖ Batterjee Medical College (BMC)

Batterjee Medical College
كلية البترجي الطبية

2005

Founded

2

Locations

9

Programs

7000

Students can
accommodate

2500

Enrolled Students

3000

Graduates

5 stars college in QS
starts Ranking

Education and Training
Evaluation Commission
Accreditation

Medicine program
accredited by NCAAA
and recognized by
WEFME,
Pharmacy program
accredited by ACPE

❖ Mohammed Bin Rashid University Of Medicine and Health Sciences (MBRU)

2013

Founded

463

Enrolled Students

193

Graduates

80

Yearly admitted
students

More than 20
student nationalities
with 30-40% Emirati

International
Faculty

PhD

Biomedical Sciences

MBBS programme
started 2016, first cohort
graduated in June 2022

Master programs

- Dental Education.
- Specialized Clinical Dental Services.
- Nursing Master Of Science (Paediatric And Cardiovascular)
- Biomedical Sciences

01

What are the main challenges associated with gathering student feedback in medical and health schools?

❖ Main challenges

Students' perceptions

- 'It is not going to help me'
- 'I don't have time'
- 'It does not make any difference'
- 'It is too detailed / too frequent'

Faculty / institutional issues

- Lack of educational governance structures
- Low priority amongst staff / Low engagement
- Staff worry over adverse impact of student comments, e.g. career progression
- Staff do not receive the feedback in a timely manner

❖ Main challenges

Top management and Technical aspect

- Lack of appropriate platform to conduct the evaluation
- Lack of top management support
- Cost
- IT issues and integration with SIS, LMS and etc
- Training
- Unified evaluation system for all medical programs / Multi-instructor course evaluation.
- Selecting the proper evaluation (survey) language and type of the evaluation

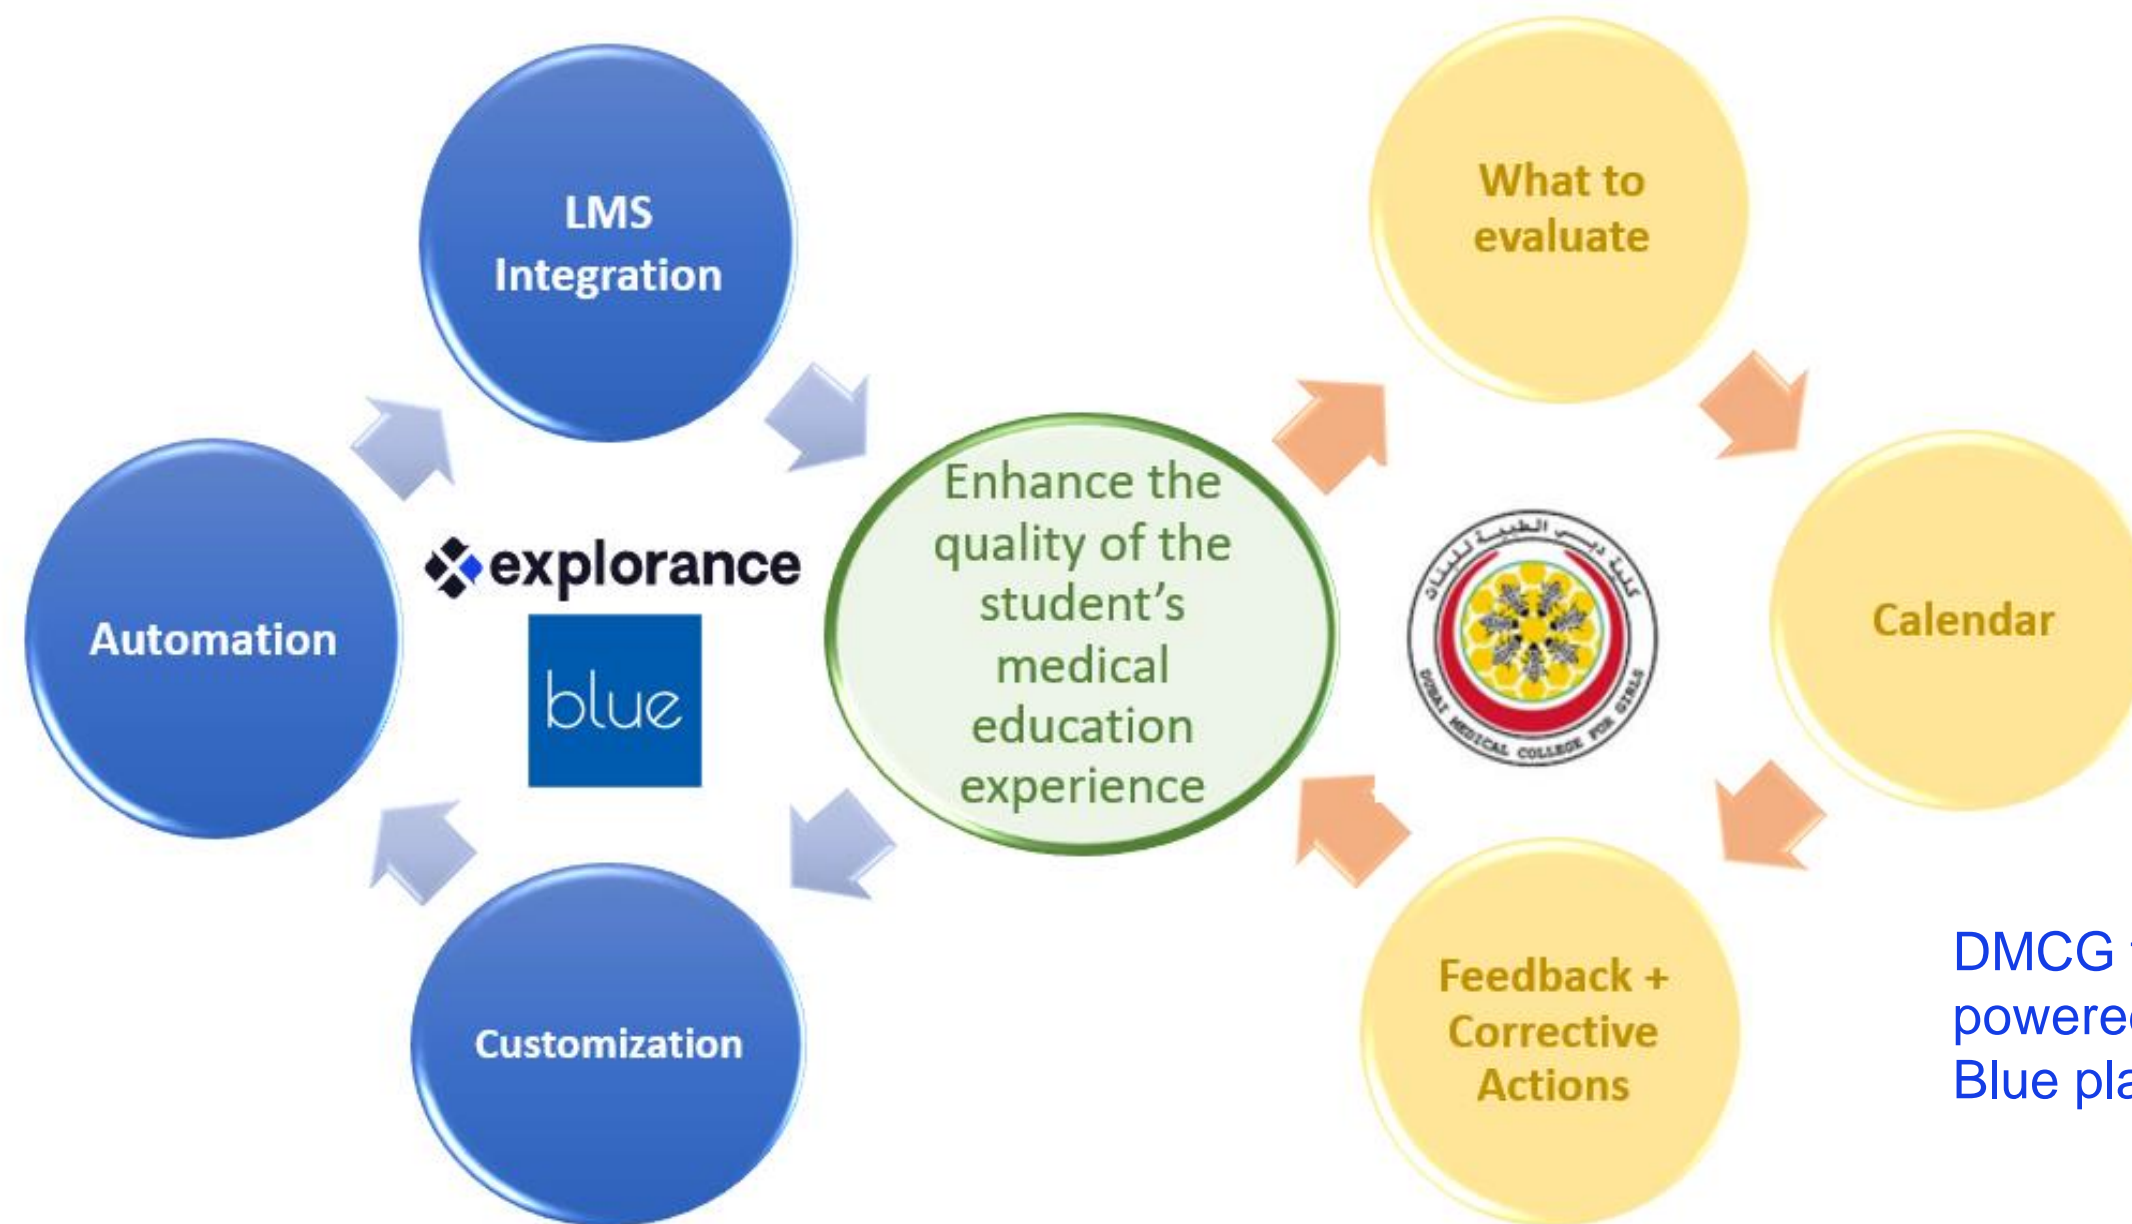

02

What strategies can be used to increase student participation and engagement in the feedback process?

❖ Strategies to increase student participation and engagement

Ensure that feedback is collected in a timely and efficient manner

DMCG feedback gathering powered by Explorance's Blue platform

❖ Strategies to increase student participation and engagement

- Blue email notifications.
- Reminders!
(Blue notifications, personal emails, on the way, class visits, dedicated time).
- *LMS integration.*
- *? Course Block.*

❖ Strategies to increase student participation and engagement

Search:

Name	Response Rate	Invited	Completed
Students Feedback on Clerkship, Preceptors & Simulation Sessions of Internal Medicine Rotation, Term-III	82%	22	18
Students Feedback on Lectures & Lecturers of Internal Medicine Rotation, Term-III	65%	66	43
Students Feedback on Lectures & Lecturers of Surgery Rotation, Term-III	68%	66	45

1 to 3 of 3

❖ Strategies to increase student participation and engagement

❖ Strategies to increase student participation and engagement

Encourage students to provide thoughtful and constructive feedback

- Conversing with the students. Takes time to “unlearn” the experience.
- Customizable surveys.
- Explaining the structure of the survey and the intent of the questions.
- *Again:* Communication (feedback on their feedback, corrective actions taken).

❖ Strategies to increase student participation and engagement

Students Feedback on Lectures & Lecturers of Internal Medicine Rotation, Term-III

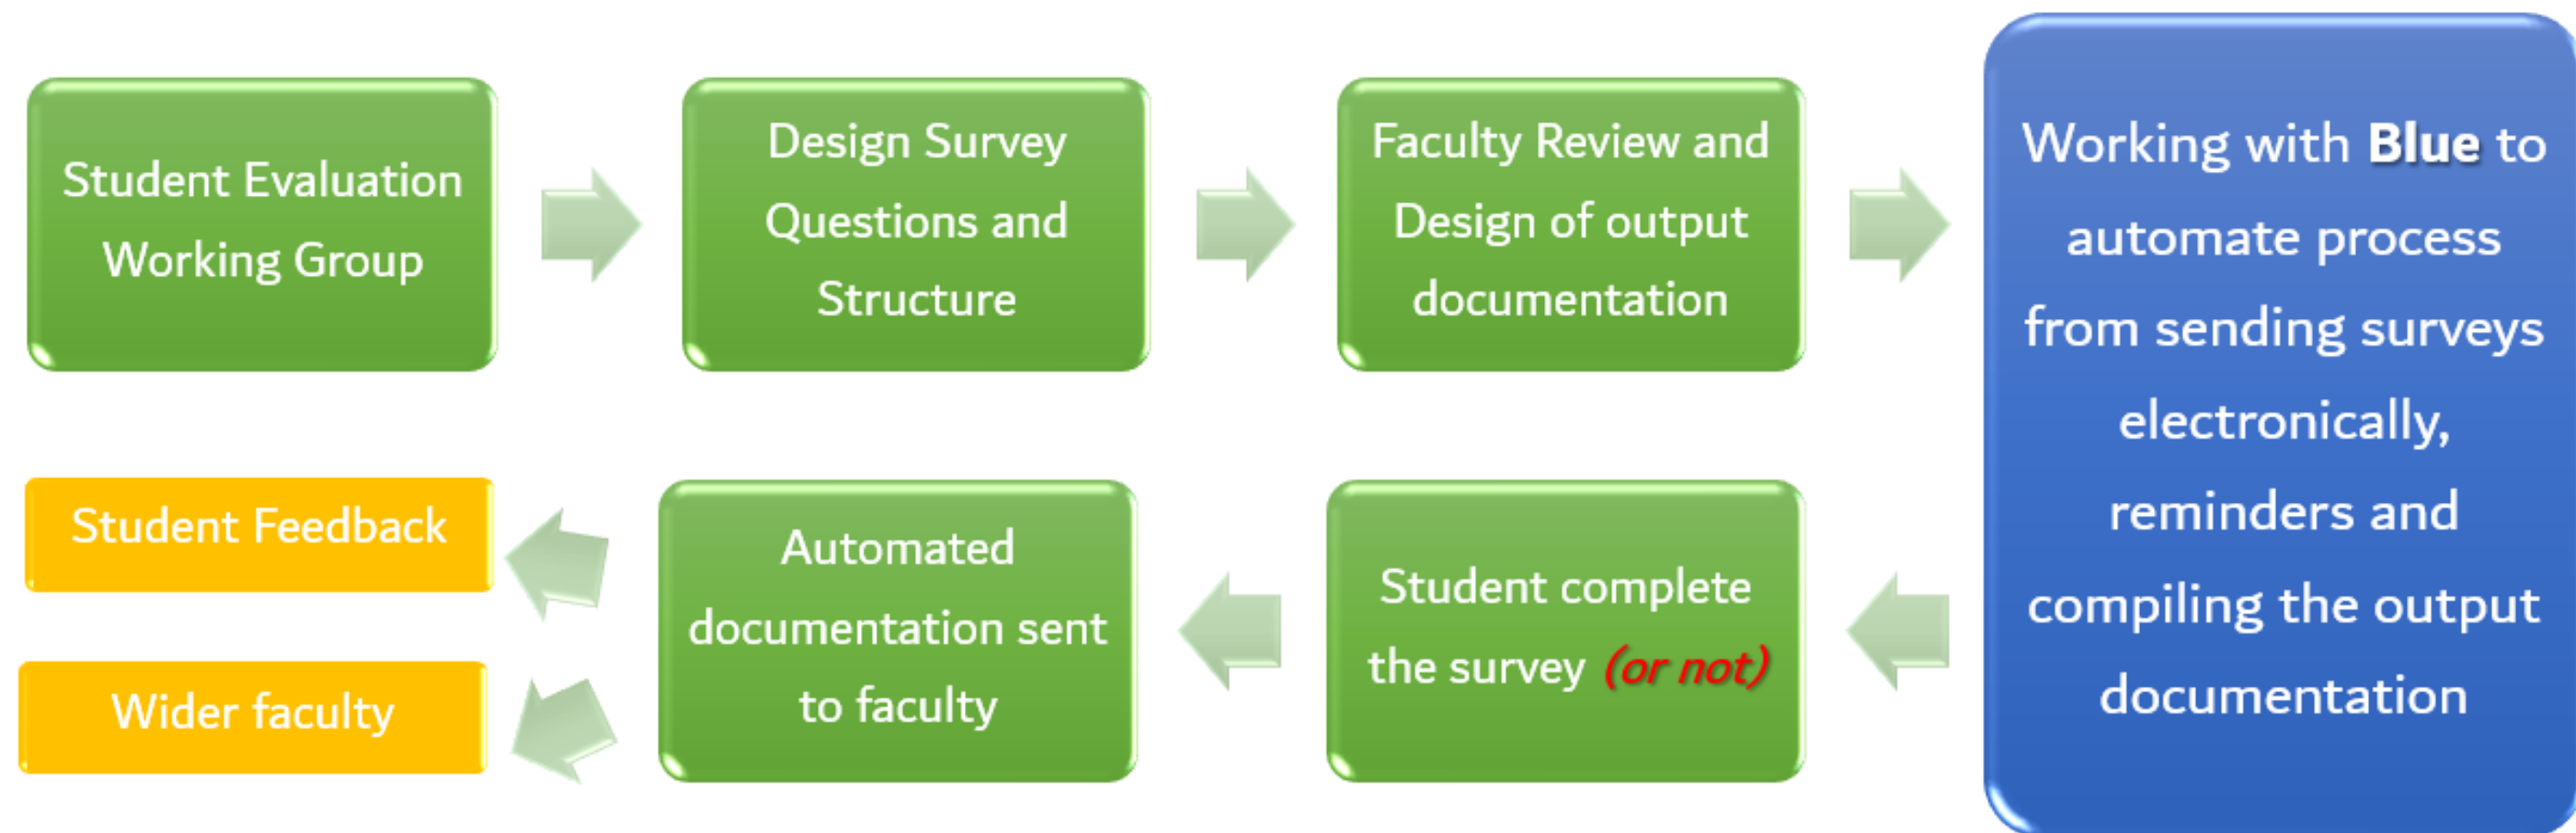

Students experience with the lecturers: *

* The rating scale is 4-points where 1=Strongly Disagree, 2=Disagree, 3= Agree, 4=Strongly Agree.

	Dr. Ali El-Hadi	Dr. Osama Hossainy Hamed	Dr. Ghada Ahmed Fakhreddin
7. I am satisfied with the doctor's delivery of the lectures.	1	1	1
	2	2	2
	3	3	3
	4	4	4
8. I would prefer to have more classes with this doctor.	1	1	1
	2	2	2
	3	3	3
	4	4	4

**Live Project:
Multi-instructor Evaluation**

❖ Strategies to increase student participation and engagement

❖ Strategies to increase student participation and engagement

- Setting the culture
- Identify scheduled time for students to provide feed back
- Provide the results of feed back to students in a timely manner
- Demonstrate to next cohort the outcomes of the previous student feedback – explanation and changes ('closes the loop')
- Focus on key aspects for feedback – minimize time to provide feedback
- Reduce the frequency of formal feedback and ensure institutional only or make it a regular part of all teaching if very focused
- Prizes!
- Nuclear option: make it compulsory (release of grades / pass course)

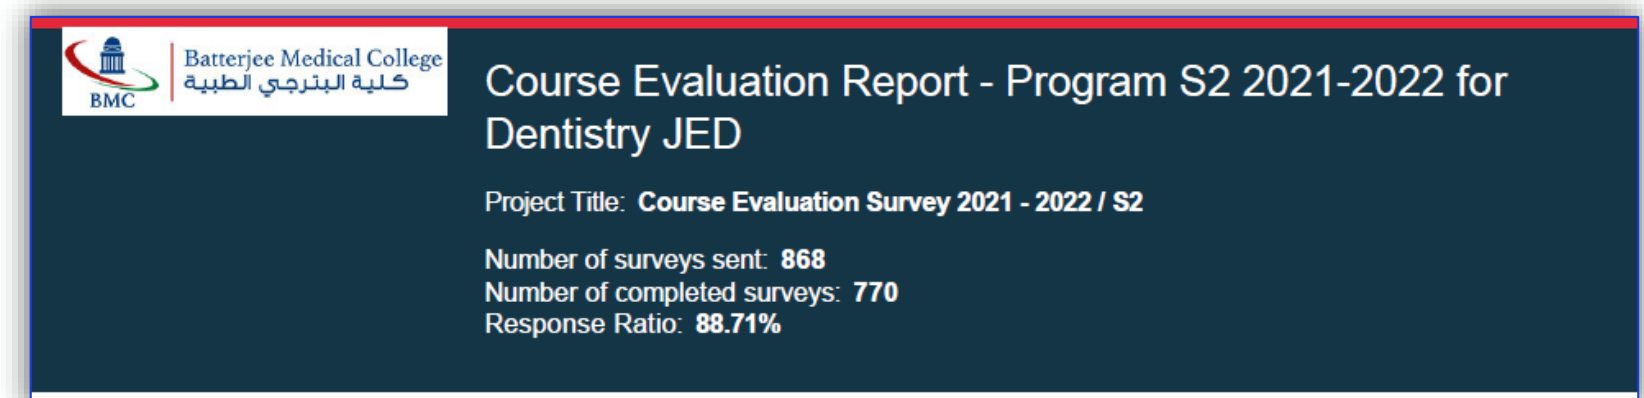

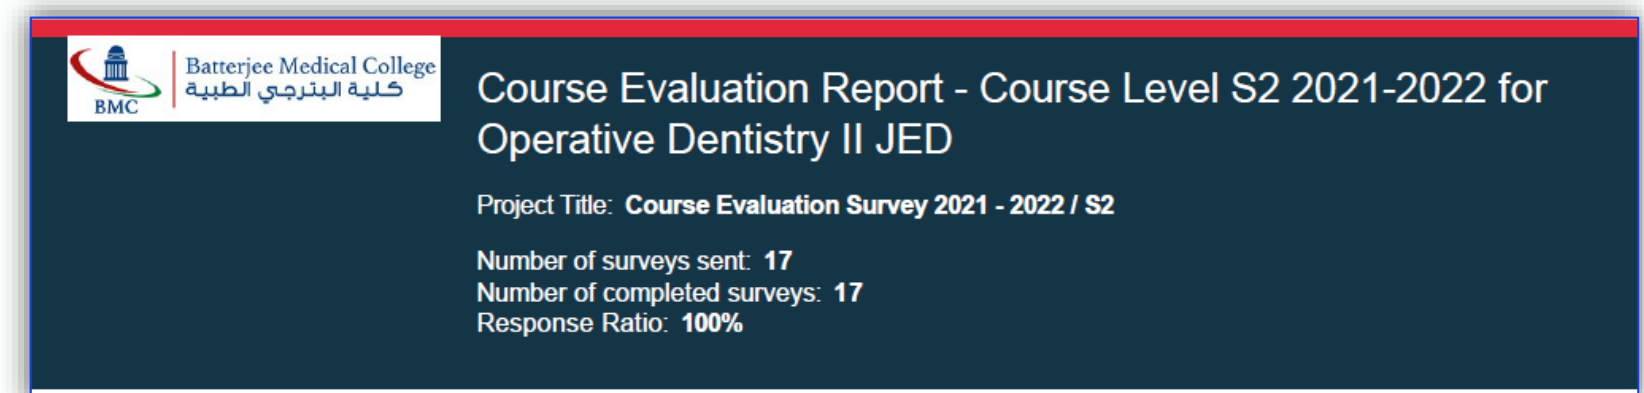

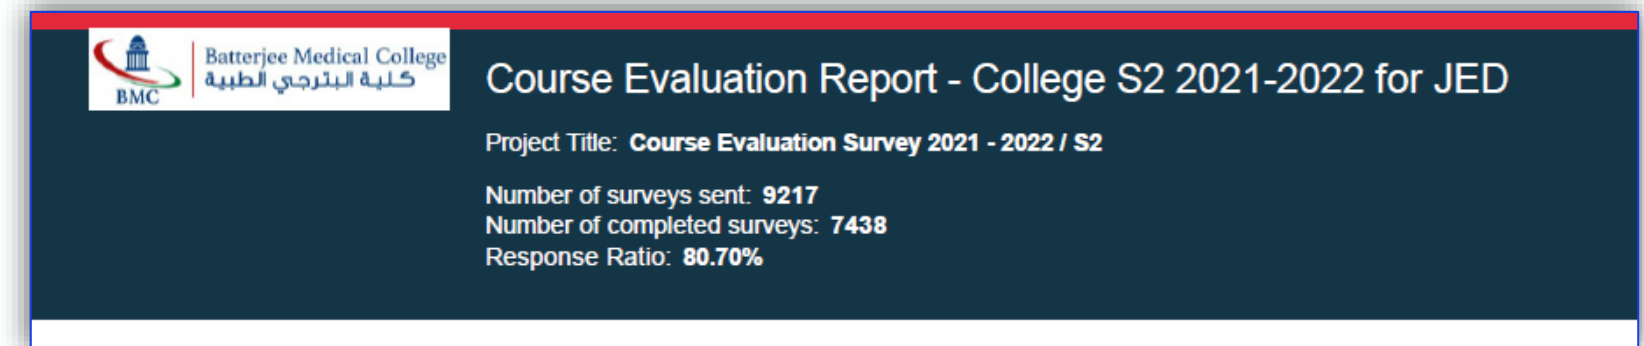

03

**How effectively can you
manage and analyze the
data generated by student
feedback surveys?**

❖ Effectively managing and analyzing feedback data

- Set KPIs for different evaluation survey
- Design a different level report for the faculty, program/ course coordinator, head of the program and top management
- Properly integrated data from SIS
- Software tool and how to use the features in the right way

❖ Effectively managing and analyzing feedback data

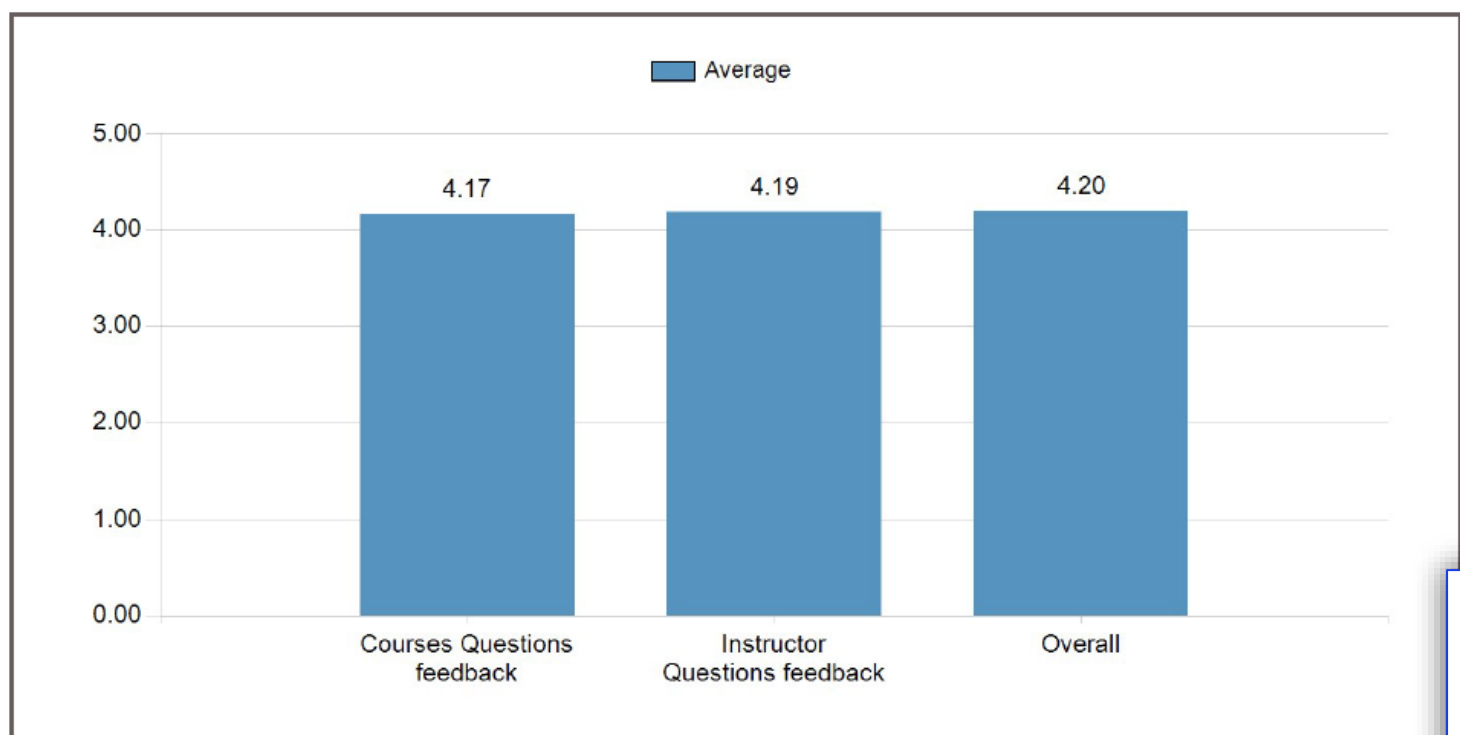

Sample Report Blocks

Students demographic breakdowns

Gender

Overall Program results

Competency	Average
Courses Questions feedback	4.17
Instructor Questions feedback	4.19
Overall	4.20

Course Questions analysis

Score

1. The instructor(s) made clear to me the course syllabus, learning outcomes & skills that I was expected to learn.

2. The instructor(s) explained the course requirements including assignments, quizzes, exams and evaluation criteria.

3. The lectures and assignments were beneficial and related to the course contents.

Overall, I was satisfied with the quality of this course. (First Scale)

❖ Effectively managing and analyzing feedback data

- Feedback collected should be able to provide an insight to the student's experience and expectations.

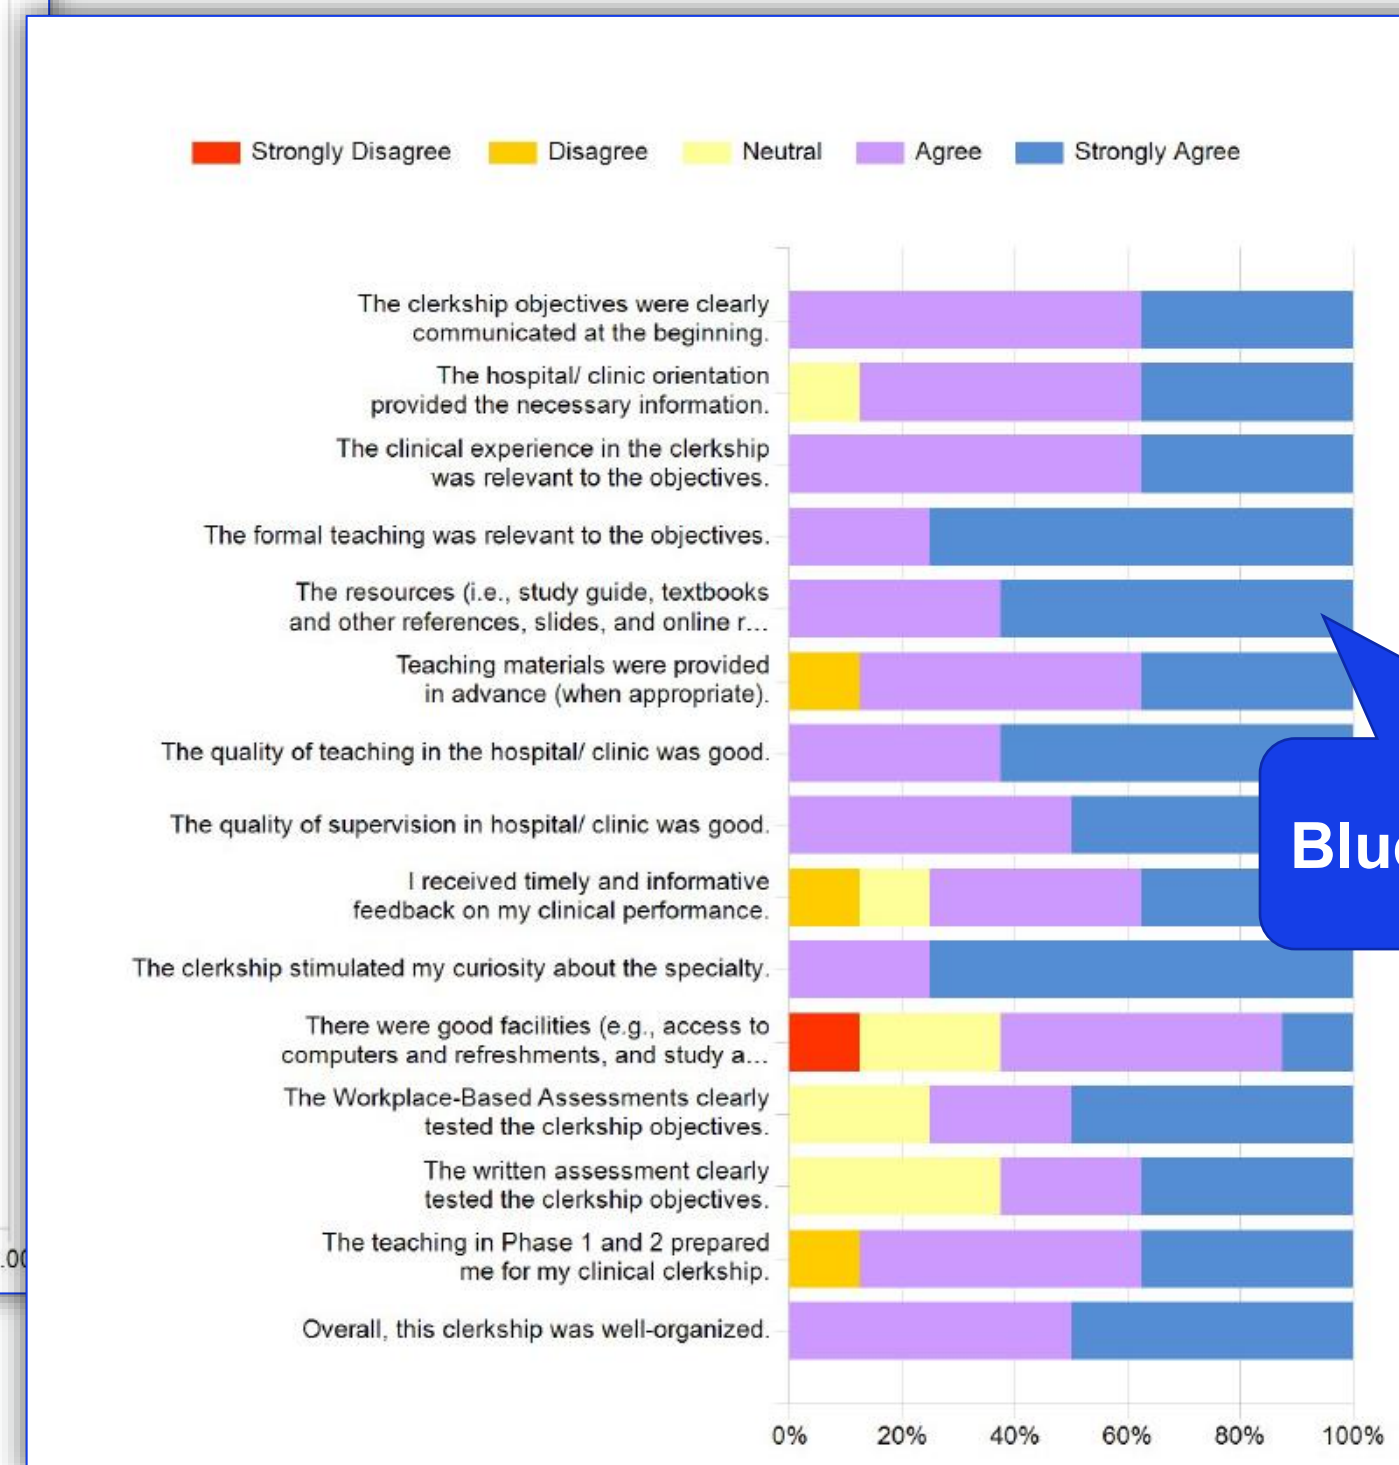

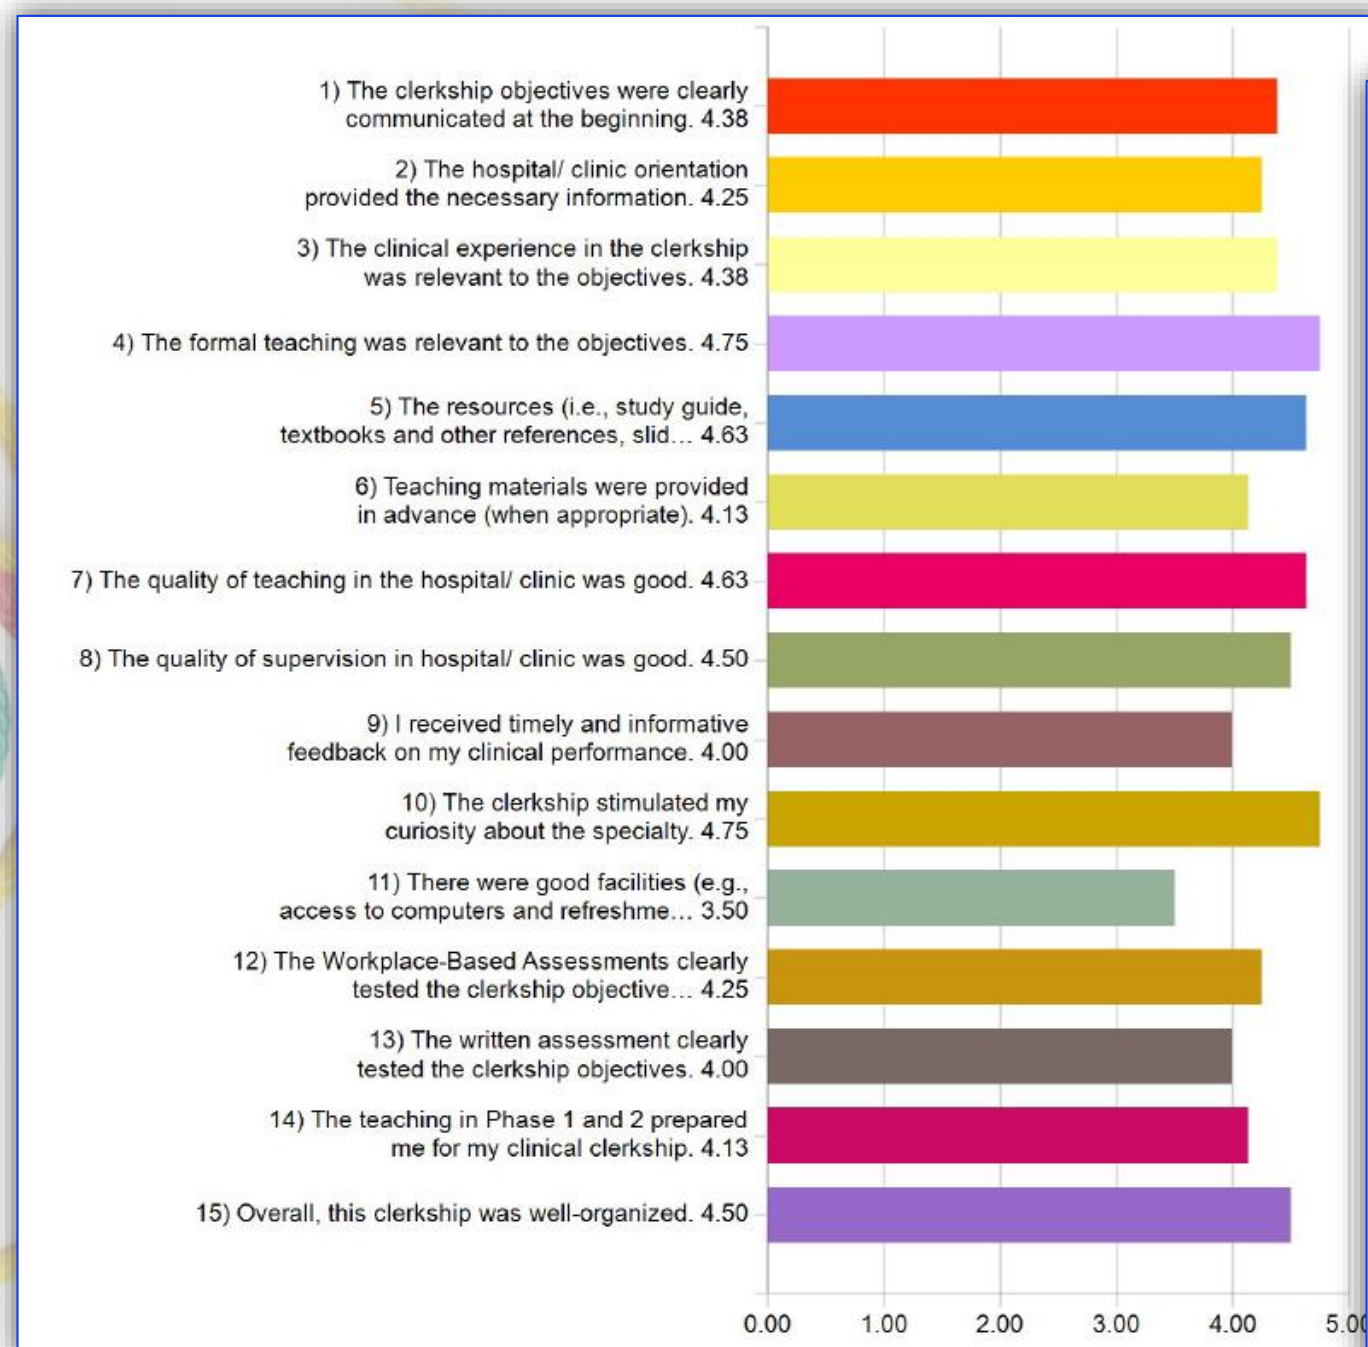

❖ Effectively managing and analyzing feedback data

- The survey report generated by Blue provides an analysis and visualization of the data that helps identify:
 - ✓ Patterns, trends, & pinpoint areas for improvements.
 - ✓ Areas of strength and weakness in the teaching and learning process → targeted interventions.
 - ✓ Areas of best practice.

❖ Effectively managing and analyzing feedback data
